

VIBRANT HEALTH®

All in One Multi-Supplement *Balanced, Colorful, Complete*

- 100% of the RDI Vitamins & Minerals
- 26 Antioxidants
- 80 Plants
- 7 Servings of Fruits & Vegetables
- 120mg of Calcium
- 1,000 i.u. of Vitamin D3
- 25 Billion Probiotics
- 20 grams of Protein
- 3 grams of Fiber
- 7 Digestive Enzymes

Maximum Vibrance® delivers a high amount of plant protein protein, almost no fat, plus a Paleolithic dose of micronutrients. This means that Maximum Vibrance® will feed the human body a broad and rich range of vitamins, minerals, polyphenols, and nutritional co-factors at levels that closely match the high requirements of the ancient, Paleolithic biochemistry that resides in each of us.

We are programmed to need more micronutrients than our modern foods can supply. When we don't get enough micronutrients - and there are thousands - biological systems falter or may break down entirely. Immunity, growth, maturation, healing, cardiac health, skeletal health, and a wide range of body systems may begin to function poorly. Maximum Vibrance® should prevent those events that too often deplete a person's vitality.

Maximum Vibrance® comes closer than any other dietary supplement to being the singular product one may take in place of all other supplements. The only group of essential nutrients absent from the formula is the omega-3 fatty acids. Unfortunately, technology has not yet developed a stable form of powdered omega-3s. Rest assured, when it becomes available it will find its way into our product.

Maximum Vibrance® is the most comprehensive nutritional multi-supplement you will find anywhere in the world. It's more than a superfood, it's a Futurefood™!

VIBRANT HEALTH®

► **Directions** As a dietary supplement, once each day mix two (2) packets of Maximum Vibrance as a complete meal replacement or mix one (1) packet as a light meal into 8 to 16 ounces of water or your favorite beverage. Stir briskly or shake briefly in a closed container until mixed. If you are pregnant, planning to become pregnant, breast feeding, taking any prescription medications or have a medical condition, consult your physician or healthcare professional before taking this product. Do not exceed recommended dosage. Keep out of reach of children.

► **Proper Care and Storage** Maximum Vibrance contains more balanced probiotics than any other superfood. Any opened packets of Maximum Vibrance should be stored in your freezer (best) or refrigerator (good).
