

Suggested Usage: Take 2 capsules 1 to 2 times daily, preferably with food.

Pollens are bees' primary food source and are concentrated in bioactive plant compounds and nutrients. Bee Pollen is a fine powder-like material produced by honey bees from flower pollens mixed with nectar and bee secretions. During ancient times, people throughout the world used bee pollen for its health-sustaining properties and it is still used today for its rejuvenative properties.* Bee Pollen is a natural and highly nutritious food endowed with a wide range of nutrients and enzymes. NOW® Bee Pollen has not been altered, remaining in its natural form to offer optimal nutrient balance.

***This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

Caution: For adults only. May cause allergic reactions in individuals with pollen allergies. Do not use if pregnant or nursing. Consult physician if taking medication or have a medical condition. Keep out of reach of children.
