

GENISTEIN & DAIDZEIN

Carlson®

DIETARY SUPPLEMENT

EASYSOY®

ISOFLAVONE CONCENTRATE

180 CAPSULES

8322 - 27

Researchers are finding that natural substances in plants called phytonutrients may be important food factors which promote good health.* The soy plant is rich in phytonutrients, such as the isoflavones - genistein, daidzein, glycitein, genistin, daidzin, glycitin, as well as saponins and others.

400 pounds of soybeans are used to prepare 1 pound of soy germ, which is then concentrated to make 100% natural EasySoy. No chemicals, solvents or preservatives are used. Each capsule provides approximately 10 mg (10,000 mcg) of soy isoflavones. Four capsules provide about the same total isoflavone content as 10 ounces of soy milk.

Supplement Facts

Serving Size 1 Capsule

Amount Per Capsule

Soy Isoflavone concentrate 500 mg ☆

☆ Daily Value not established.

Other Ingredients: Cellulose, magnesium stearate, gelatin capsule.

Directions: Take one capsule one to four times daily at mealtime. Keep bottle tightly closed. Store away from heat and moisture.
