

Natrol® CetylPure® contains cetyl myristoleate, a naturally occurring fatty acid. This revolutionary compound works to lubricate joints and helps to promote mobile joint function. CetylPure is a cutting-edge compound that promotes the relief of joint discomfort following exercise.† With age, the ability to produce some of the nutrients necessary for joint function and cartilage building declines. Natrol CetylPure helps to nourish and maintain the natural lubricating fluid in joints and cartilage.†

Consult your healthcare professional prior to use if you have or suspect a medical condition, are taking prescription drugs, or are pregnant or lactating. People with allergies to corn should consult their healthcare professional before taking this product.

STORE IN A COOL, DRY PLACE.
KEEP OUT OF REACH OF CHILDREN.
