

## DIRECTIONS

*It is important to drink 8 glasses of water per day.*

**10 YEARS OLD AND OVER:** Take one to three (1-3) capsules one-half hour before each meal with a glass of water. One (1) capsule before each meal is beneficial for general support to the liver, two (2) capsules before each meal is beneficial when you feel you may need more support than normal, and three (3) capsules before each meal for maximum results with serious health issues.

**CHILDREN DOSAGE 4-10 years:** Begin with one (1) capsule per day for 5 days. Progress to one (1) in the AM and PM for the next week, then progress to a maximum of two (2) in the AM and two (2) in the PM.

**WARNING:** Avoid taking with acidic beverages, especially grapefruit, as the effects are diminished. Not for use by pregnant or lactating women. Women of childbearing age should consult with their physician.

**KEEP OUT OF THE REACH OF CHILDREN.**

To preserve quality and freshness, keep bottle tightly closed. Store in a cool, dry place (59°-89°F). Tamper Resistant Bottle - Do not use if imprinted safety cap is broken or missing.
