

✓ **Human Lactic Commensals (HLC) probiotic strains** are research-driven and clinically proven in randomized, double-blind, placebo-controlled human trials at 25 billion CFU per day. Proprietary non-pathogenic human-sourced microflora bacterial strains are utilized as they have strong epithelial adherence and a naturally high tolerance to stomach acid.

Recommended adult intake: In a glass, add water to ¼ teaspoon (1 g) and mix. Take twice daily with a meal or as professionally directed.

Risk information: If you have an immune-compromised condition, do not use. If you are pregnant or breastfeeding, consult your healthcare practitioner prior to use. If symptoms of digestive upset occur, worsen or persist beyond three days, discontinue use and consult your healthcare practitioner.

Vacuum-sealed for your protection and for product freshness. Do not use if outer seal is missing or broken. Store under refrigeration (below 46 °F).

Keep out of reach of children.
