

 Human MicroFlora (HMF) probiotic strains are research-driven and clinically proven in randomized, double-blind, placebo-controlled human trials at 25 billion CFU per day. Proprietary non-pathogenic human-sourced microflora bacterial strains are utilized as they have strong epithelial adherence and a naturally high tolerance to stomach acid.

Recommended Adult Female Dose: Take two capsules two times daily with meals or as recommended by your healthcare practitioner. Take at least two to three hours before or after antibiotics or other medications. **Risk Information:** If you have an immune-compromised condition or if you are pregnant; if you currently have or previously had breast cancer and/or breast tumors or if you have a predisposition to breast cancer, as indicated by an abnormal mammogram and/or biopsy, or a family member with breast cancer, do not use. If you are taking health products that affect blood coagulation do not use, as this may increase the risk of spontaneous bleeding. If you are breastfeeding, consult your healthcare practitioner prior to use. If you experience breast pain, discomfort and/or tenderness, if you experience a recurrence of menstruation and/or uterine spotting; or if symptoms of digestive upset occur, worsen or persist beyond three days, discontinue use and consult your healthcare practitioner. **Guaranteed** to contain no added wheat, gluten, artificial coloring or flavoring, antimicrobial preservatives or dairy products. Ideal for vegetarians. **The capsules** are made from 100% pure vegetable sources, free of preservatives and additives. **Quality Assurance:** Safety-sealed for your protection and for product freshness. Do not use if inner seal is missing or broken. Store in a cool, dry place. **V1.0 163**

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
