

Vitamin A is required for effective immune system function, low light vision, radiant skin, protein utilization, and normal growth and development. Vitamin A also functions as an antioxidant, promotes healing, and supports a healthy reproductive system.*

NeoLife's breakthrough water miscible technology, derived from a unique blend of components, including apple pectin and soy lecithin, encourages faster, more efficient absorption of vitamin A.

Store in a cool, dry place, away from direct sunlight.

Packed with safety seal.
