

IMMUNE FACTORS\*

NATURE'S FIRST IMMUNE DEFENSE™

Increased Immunoglobulin levels aid nutrient absorption.\*

Symbiotics guarantees a minimum 40% level of IgG Immunoglobulins in its Colostrum High IG for people who want extra support from this specialized Colostrum component. That's 20 times the level in normal human Colostrum! Colostrum High IG is for those with GI tract stress and for athletes or others whose bodies are under sustained physical stress.

Symbiotics Colostrum High-IG includes the full range of immune factors including IgA, IgD, IgE, and IgM, as well as IgG, for dual action in the bloodstream and also in the GI tract. It helps maintain healthy intestinal flora.\* Its growth factors may enhance stamina and support normal re-growth of tissue and lean muscle after strenuous physical exercise.\*

**Quality and Purity Assured.** Exclusively from USDA Grade A dairies. Only from first milking. Laboratory tested and verified free from pesticides, antibiotics and rBHT hormones. Each bottle is double sealed for quality and safety. If either seal is broken or missing, do not use and call 1-800-421-1830. Close tightly and store in cool, dry place (below 75°F), away from heat.

**Warning:** If you have a physician-diagnosed health condition, consult your doctor before taking this product. Discontinue use if you experience adverse reactions and consult your doctor.
