Human MicroFlora (HMF) probiotic strains are research-driven and clinically proven in randomized, double-blind, placebo-controlled human trials at 25 billion CFU per day. Proprietary non-pathogenic human-sourced microflora bacterial strains are utilized as they have strong epithelial adherence and a naturally high tolerance to stomach acid.

Recommended Dose: Adults and Children (1 year and older): In a glass, add water or milk to one scoop (¼ teaspoon)

of HMF Super Powder and mix. Take two times daily with meals, at least two to three hours before or after taking antibiotics, or as recommended by your healthcare practitioner. Risk Information: If you have an immune-compromised

condition, do not use. If you are experiencing nausea, fever, vomiting, bloody diarrhea or severe abdominal pain, consult your healthcare practitioner prior to use. If symptoms of

digestive upset occur, worsen or persist beyond three days,

discontinue use and consult your healthcare practitioner.

Guaranteed to contain no added wheat, starch, gluten,

soy, sodium, artificial coloring or flavoring, antimicrobial

preservatives, dairy or animal products, Ideal for yegans, **Quality Assurance:** Safety-sealed for your protection and for

product freshness. Do not use if outer seal is missing or broken.

Store under refrigeration (below 46 °F).

HMF Super Powder
