Papaya enjoys a reputation as the perfect "after meal" supplement. That is because it is a natural digestive aid* - and the ideal complement to a busy breakfast, on-the-go lunch, or formal dinner. Take these tablets everywhere and enjoy all the exotic goodness of the "melon of the tropics."

The chewable supplements in this product are formulated without chemical additives or preservatives, and they contain less than 1g of carbohydrates per tablet. These delicious tablets are made from beneficial ingredients including: ripe papaya fruit, papain (a papaya enzyme), protease and amylase, plus an added touch of sucrose for that flavor-filled taste.
