

 Human MicroFlora (HMF) probiotic strains were studied in randomized, double-blind, placebo-controlled human trials at 25 billion CFU per day. Proprietary non-pathogenic human-sourced microflora bacterial strains are utilized as they have strong epithelial adherence and a naturally high tolerance to stomach acid.

Recommended Dose: Adults, Adolescents and Children (6 years and older): Take one capsule two times daily with meals, at least two to three hours before or after taking antibiotics, or as recommended by your healthcare practitioner. **Risk Information:** If you have an immune-compromised condition, do not use. If you are pregnant or breastfeeding; if you are experiencing nausea, fever, vomiting, bloody diarrhea or severe abdominal pain, consult your healthcare practitioner prior to use. If symptoms of digestive upset occur, worsen or persist beyond three days, discontinue use and consult your healthcare practitioner. **Guaranteed** to contain no added wheat, starch, gluten, soy, artificial coloring or flavoring, antimicrobial preservatives, dairy or animal products. Ideal for vegans. **The capsules** are made from 100% pure vegetable sources, free of preservatives and additives. **Quality Assurance:** Safety-sealed for your protection and for product freshness. Do not use if outer seal is missing or broken. Store under refrigeration (below 46 °F).
