

Co-Q10 is a vitamin-like compound that occurs naturally in the body. Production peaks during the mid 20's and then decreases steadily thereafter. Co-Q10 is mainly used as an anti-oxidant or to strengthen the heart. In several studies, it has improved cases of cardiovascular disorders. It also shows beneficial effects on immune function and cellular energy production. Our liquid formula is made with a base of mostly unsaturated rice bran oil for superior absorbability with Vitamins C and E for a synergistic anti-oxidant effect.

**Safety:** Do not use if safety seal is missing or damaged. Keep out of reach of children. Keep in cool dry place. Shake well before using. Refrigerate after opening. If you are pregnant, nursing, or have any medical condition consult with a healthcare professional before using.
