

IMMUNE FACTORS*

Fight back with Symbiotics Colostrum Plus! Nature provides an immune defense network, but your immune system is challenged by normal physical and mental stress, as well as aging. Colostrum Plus boosts immune factors with Proline-Rich Polypeptides (PRPs) which serve as an immune system stabilizer.* Colostrum's dual action—in the bloodstream and in the GI tract, helps maintain healthy intestinal flora in a normal GI tract.*

Symbiotics Colostrum Plus is a uniquely helpful supplement providing Lactoferrin, Immunoglobulins and Proline-Rich Polypeptides (PRPs). Under the Symbiotics label, minimum levels of these important components are verified by laboratory testing.

Quality and Purity Assured. Symbiotics Colostrum Plus Exclusively from USDA Grade A dairies. Only from first milking. Laboratory tested and verified free from pesticides, antibiotics and rBHT hormones. Each bottle is double sealed for quality and safety. If either seal is broken or missing, do not use and call 1-800-421-1830. Close tightly and store in cool, dry place (below 75°F), away from heat.

Warning: If you have a physician-diagnosed health condition, consult your doctor before taking this product. Discontinue use if you experience adverse reactions and consult your doctor.
