WILD ALASKAN POLLOCK OIL

Our fresh fish oil is produced in Alaska from wild Pollock caught in US waters. We then purify and concentrate the oil up to 60% Omega-3 to provide a Peak dose of EPA & DHA Omega-3 triglycerides in every great tasting spoonful.

90%
TRIGLYCERIDE
FORM

Guaranteed analysis: 90% of all the fatty acids in this product are in the triglyceride form.

WARNING: Do not use if safety seal is broken. Consult your physician before using this product if you are using blood thinners, or anticipate surgery.
