Total body hydration is a major factor in overall health, performance and recovery. Drinking the commonly recommended 6-8 glasses of water a day may not ensure deep tissue hydration and will not replenish lost electrolytes. **HFX Hydration Factor®** was developed and scientifically formulated to effectively provide your body with overall hydration and replace lost electrolytes.**

Supporting cellular hydration is the single greatest step anyone can take toward improving energy, wellness and endurance.** This requires not only drinking water, but ensuring the water you drink makes it into your cells. **HFX** uses a patented technology of natural ingredients proven to increase cellular hydration better than drinking water alone.**

Non-Training Day: 16 oz water with 1 packet **HFX**
Training Day: 32 oz water with 2 packets **HFX**
Competition Day: 48 oz water with 3 packets **HFX**

Cell Hydrator™ utilizes a proprietary formulation used under license from AquaCanonBeam Pty Ltd and covered by US patent #6,207,163 and other worldwide patents. www.aquacanonbeam.com
