

PRODUCT BENEFITS: Resveratrol 250 mg Plus Red Wine Extract 10 mg naturally contains polyphenols which possess antioxidant activity that helps fight cell-damaging free radicals in the body.* Antioxidant support can be important for your overall health and wellness, as free radicals can lead to the premature aging of cells.* Each softgel supplies more Resveratrol than you would receive from a typical bottle of Red Wine - without the calories or alcohol!

Directions: For adults, take one (1) softgel up to three times daily, preferably with a meal or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
