90 MICROLOZENGES VITAMIN SUPPLEMENT

**Smart
Facts**

Vitamin B-12 is essential for normal formation of blood cells, contributes to the health of the nervous system and aids in converting food into energy.* There is no question about it. A good diet contributes to optimal health, but sometimes stress, fast food meals and eating on the run can have nutritional consequences. One way to ensure that you are getting your Daily Values for B Vitamins is to take dietary supplements.
