

PRODUCT BENEFITS: Glutamine is the most highly concentrated amino acid in blood and skeletal muscle.* Glutamine plays a role as a nontoxic nitrogen transporter and is also involved in normal removal of ammonia from muscle and other active tissues.* As a proteogenic amino acid, Glutamine is one of several protein building blocks and is highly utilized by the GI tract.*

Directions: For adults, take one (1) tablet up to four times daily, preferably with a meal or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
