

PRODUCT BENEFITS: As an Indole, diindolylmethane is a natural constituent of plants, particularly cruciferous vegetables. This bioavailable, patented form promotes healthy estrogen metabolism for women and cellular health.*

Directions: For adults, take one (1) capsule three times daily, preferably with meals or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.

WARNING: Not intended for use by pregnant or nursing women. If you are taking any medications, planning any medical or surgical procedure or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.
