

PRODUCT BENEFITS: A member of the family of B Vitamins, Biotin serves as a coenzyme in carboxylation reactions which are useful in many of the body's functions, including gluconeogenesis, fatty acid synthesis, propionate metabolism and leucine metabolism.* Biotin promotes healthy hair, skin and nails.*

Directions: For adults, take one (1) capsule daily, preferably with a meal or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
