

Stress Away is high potency Vitamin B-Complex with Vitamin C. When the body undergoes physical or emotional stress, B-vitamins are depleted quickly. When the body is forced to withstand these demands, it greatly increases the demand for B Vitamins. Coupled with Vitamin C, research has shown that a supplemental B-Complex can help alleviate the symptoms of stress and anxiety.

Suggested Use: As a dietary supplement, take 2 capsules a day preferably with a meal or as directed by a health professional.

Vegan Friendly
