

PRODUCT BENEFITS: Most probiotics work best in the intestinal tract and must get past the harsh, acidic environment of the stomach. Probi® 20 Billion is formulated to survive stomach acid so it's delivered directly into the intestinal tract to help populate your system with beneficial microflora.*

Probi® 20 Billion offers *L. plantarum* 299v (Lp299v®), a strain clinically studied, substantiated, and documented. With 20 billion live, active organisms through expiration, it supports and maintains ongoing digestive health, helps with occasional gas and bloating, and supports abdominal comfort.*

Directions: For adults, take one (1) capsule daily, preferably with a meal or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
