ActivJoint™
Nutritional support for healthy bones & joints.[†]

ActivJoint™ is a conveniently packaged powdered drink for individuals who need added support for bones, joints and ligaments, especially before, during, and after strenuous activity.

1200mg Glucosamine-Glucosamine is a compound found in human joint cartilage and research has shown that supplementation of this nutrient has helped strengthen normal joint structure.[†] Studies have also shown it to be successful in helping promote joint comfort, therefore maintaining mobility.[†]

500mg Chondroitin-Chondroitin works synergistically with Glucosamine to supply cartilage with the vital building blocks it needs to stay supple and healthy.[†]

300mg MSM-MSM is a natural sulfur compound the body critically needs to maintain healthy joint lubrication and flexibility for proper mobility.[†]

ConcenTrace™- ConcenTrace™ is a full spectrum complex of over 72 naturally occurring ionic trace minerals from the Great Salt Lake in Utah.[†]
