Liquid Cal/Mag/Zinc is a dietary supplement supercharged with ConcentTrace® ionic trace minerals. Its complementary blend of premium forms of calcium, magnesium, and zinc help to ensure the highest assimilation and balance of these minerals in the body.† We've also included vitamin D to create a formula that provides complete nutrition to sustain bone, muscle, and connective tissue health.†

Suggested Use: **SHAKE WELL** Take 1 to 2 tbsp. daily to top off or fully supplement your diet. As this is a highly concentrated product, we recommend starting with 1 tbsp. and increase as needed, ideally spread throughout the day. We also recommend taking this product mixed into a large glass of your favorite beverage for the best isotonic balance. Excess magnesium may cause a laxative effect.

REFRIGERATE AFTER OPENING.
