

Suggested Usage: Take 1 lozenge just prior to bedtime as needed. Chew lozenge or hold in mouth until dissolved and swallow.

Melatonin is a potent free radical scavenger naturally produced in the pineal gland.* It is involved in many of the regulatory processes of the body, including regulation of glandular secretory functions related to the maintenance of normal sleep/wake cycles and aspects of immune system function.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. May cause drowsiness. Do not operate a vehicle or heavy machinery following consumption of melatonin. Consult physician if pregnant/nursing, taking medication (especially sedatives, immunosuppressants or anticoagulants), or have a medical condition (including diabetes, auto-immune conditions, depressive disorders, cardiovascular conditions and epilepsy). Keep out of reach of children.
