360 Easy-to-Swallow Capsules

Andrew Lessman's ALOE VERA 200 GINGER ROOT 200 combines two of the most respected ingredients for digestive health and joint support. **Aloe's** history of use goes back over 2,000 years and it is most well known for its soothing relief to the stomach and digestive system. Our 200:1 **Aloe Vera** ultra-concentrate comes exclusively from the inner fileet of the **Aloe Vera** plant and our **Aloe** is never exposed to frost while growing or heat during production. Our **Aloe** is so concentrated that it requires 12 pounds of pure **Aloe Vera** to create just one ounce of our unique powder. **Aloe's** myriad of benefits comes from its rich array of healing substances and our **Aloe Vera 200** is specifically designed to deliver our highest levels of these healing substances. **Ginger Root** is another traditional remedy used for centuries by multiple cultures throughout the world. Its most frequent uses have been to calm an upset or queasy stomach, as well as to soothe and relieve our aging joints. Unlike typical **Ginger** that is nothing more than spice in a bottle, our **Ginger Root Extract** is standardized to deliver optimum levels of protective **Gingerols**. Our **Aloe Vera 200** and **Ginger Root 200** provides two of Mother Nature's most effective tools for soothing relief for our digestive system and hard-working joints.
