|-------------------------------------------------------------------------------------------|-------------|------------------------------------|-----------|
| Calories                                                                                  | 40          | Glycine                            | 180mg **  |
| Total carbohydrates                                                                       | 5g <2%*     | Histidine                          | 92mg **   |
| Dietary Fiber                                                                             | 2g 8%*      | Isoleucine (BCAA/EAA)              | 284mg **  |
| Protein                                                                                   | 5g 10%*     | Leucine (BCAA/EAA)                 | 509mg **  |
| Vitamin A (as carotenoids)                                                                | 9900IU 198% | Lysine (EAA)                       | 418mg **  |
| ( $\beta$ -carotene, $\alpha$ -carotene, acetate)                                         |             | Methionine (EAA)                   | 125mg **  |
| Vitamin C (as ascorbic acid, ascorbyl palmitate)                                          | 1g 1667%    | Phenylalanine (EAA)                | 192mg **  |
| Vitamin D (as cholecalciferol)                                                            | 680IU 176%  | Proline                            | 203mg **  |
| Vitamin E (as d- $\alpha$ , d- $\beta$ , $\gamma$ , $\delta$ -tocopherols & tocotrienols) | 300IU 1000% | Serine                             | 250mg **  |
| Thiamin (as mononitrate)                                                                  | 75mg 5067%  | Threonine (EAA)                    | 283mg **  |
| Riboflavin                                                                                | 76mg 4471%  | Tryptophan (EAA)                   | 81mg **   |
| Niacin (as niacinamide)                                                                   | 82mg 410%   | Tyrosine                           | 164mg **  |
| Vitamin B6                                                                                | 180mg 9000% | Valine (BCAA/EAA)                  | 289mg **  |
| (as pyridoxine HCl, pyridoxine HCl)                                                       |             |                                    |           |
| Folic Acid                                                                                | 400mcg 100% | <b>Performance Complex</b>         |           |
| Vitamin B12                                                                               | 50mcg 833%  | Uni-Liver Blend                    | 4230mg ** |
| (cyanocobalamin, methylcobalamin)                                                         |             | (Liver, beef protein isolate)      |           |
| Biotin                                                                                    | 300mcg 100% | Carnitine                          | 25mg **   |
| Pantothenic Acid                                                                          | 76mg 760%   | Choline Bitartrate                 | 250mg **  |
| Calcium                                                                                   | 2g 200%     | Eleutheroococcus sericeus (root)   | 750mg **  |
| Phosphorus                                                                                | 1330mg 133% | Hawthorne (berry)                  | 250mg **  |
| Iodine (as potassium iodide)                                                              | 150mcg 100% | Inositol                           | 125mg **  |
| Magnesium (as oxide)                                                                      | 400mg 100%  | Milk Thistle (seed)                | 500mg **  |
| Zinc (as oxide)                                                                           | 30mg 200%   | Para-Aminobenzoic Acid             | 400mg **  |
| Selenium (as sodium selenite)                                                             | 50mcg 71%   | Pyridoxine $\alpha$ -Ketoglutarate | 200mg **  |
| Copper (as sulfate)                                                                       | 600mcg 30%  | <b>Antioxidant Complex</b>         |           |
| Manganese (as sulfate)                                                                    | 5mg 250%    | Alpha Lipoic Acid (ALA)            | 100mg **  |
| Chromium (as chloride)                                                                    | 60mcg 50%   | Citrus bioflavonoids (peel)        | 1000mg ** |
| Potassium (as sulfate)                                                                    | 200mg 6%    | Coenzyme Q10 (CoQ10)               | 5mg **    |
|                                                                                           |             | Grapeseed Extract                  | 50mg **   |
|                                                                                           |             | Lutein                             | 1mg **    |
|                                                                                           |             | Lycopene                           | 1mg **    |
|                                                                                           |             | Pine Bark Extract                  | 200mg **  |
|                                                                                           |             | Kelp (whole plant)                 | 10mg **   |
|                                                                                           |             | <b>Digestive Enzyme Complex</b>    |           |
| <b>Amino Acid Complex</b>                                                                 |             | Bromelain                          | 100mg **  |
| Alanine                                                                                   | 279mg **    | Inulin                             | 250mg **  |
| Arginine                                                                                  | 1213mg **   | Lipase                             | 10mg **   |
| Aspartic Acid                                                                             | 498mg **    | Papain                             | 64mg **   |
| Cystine                                                                                   | 110mg **    | Acid Protease                      | 64mg **   |
| Glutamic Acid                                                                             | 653mg **    |                                    |           |
| Glutamine                                                                                 | 174mg **    |                                    |           |

\* Percent Daily Values are based on a 2,000 calorie diet.

\*\* Daily Value (DV) not established.

**OTHER INGREDIENTS:** Dicalcium phosphate, whey protein concentrate (milk), microcrystalline cellulose, glucose polymers, arginine  $\alpha$ -ketoglutarate, stearic acid, magnesium stearate, calcium carbonate, silicon dioxide,  $\delta$ -calcium pantothenate, lecithin (soy), carnitine fumarate, calcium citrate, pharmaceutical grade. Made in a GMP facility on equipment that processes milk, soy, egg, peanuts, tree nuts, fish, shellfish, and wheat.

**INGREDIENT NOTES:** VipeProtease 2000™ is an acid stable protease enzyme blend derived from the fermentation of non-GMO, nature-identical strains of *Aspergillus niger* and *Bacillus subtilis*.

**DOSAGE:** Take 1 to 2 packs with breakfast or any other meal, with plenty of water. For those who compete or are training with higher intensity, two packs is suggested.

**WARNING:** Not intended for use by those under the age of 18. This is a potent bodybuilding supplement. Before using this product seek advice from a medical doctor if you are unaware of your current health condition or planning any medical procedure.

**THE TRUE ORIGINAL**  
SINCE 1983

**ANIMAL TRAINING PACKS**

**PAK**

**WHO WE ARE** In 1983, Animal was founded with the birth of Animal Pak, the venerable training "pack" that started it all. Born from the real needs and desires of professional bodybuilders, Animal has grown prodigiously over the decades. Today, as yesterday, the name Animal stands for trust, integrity and a unique no nonsense approach to the game. Animal also represents a group of products that have stood the test of time, proven again and again in the labs, and in the trenches where it counts most... The gym and the stage. Dedicated to serious nutrition for the serious athlete, Animal is your choice when it comes to complete and comprehensive supplementation, Animal. The choice of champions. **WHAT ANIMAL PAK® IS** The true original since 1983... For three decades and counting, Animal Pak has been the choice for hard-nosed, uncompromising strength athletes all over the world. A complete and potent training pack. It is specifically designed and formulated for competitive and world-class bodybuilders and powerlifters. Animal Pak is foundational supplementation, "core" nutrition that provides the basic and fundamental nutritional framework for any litter serious about iron warfare. Think of it as the power athlete's nutritional "insurance". Alone or "stacked" with other Animal products, Animal Pak is the starting point. There are many imitators the world over, but there's only one Animal Pak. The one and only! **OUR IRONCLAD GUARANTEE** Animal is dedicated to being the best in the business, no two ways about it. If this product doesn't meet with your tough requirements for any reason, let us know. When it comes to standing behind our products, we don't mess around. That's the truth.
