**Daily Value (DV) not established.

Part #3001194580

ERC

OTHER INGREDIENTS: Gelatin (capsule), dicalcium phosphate, magnesium stearate, silicon dioxide, stearic acid, titanium dioxide, FD&C blue #1, FD&C yellow #5&6. Contains soy. Made in a GMP facility on equipment that processes milk, soy, egg, peanuts, tree nuts, fish, shellfish, and wheat.

INGREDIENT NOTES: Sustamine™ is a trademark of Kyowa Hakko Bio Co., Ltd. SuperSerum™ is a specialized immunoglobulin concentrate from bovine serum providing IgG factors and is rich in naturally occurring, bioactive proteins, peptides and other growth factors. Calcium D-Glucarate is protected under U.S. Patents #4845123, #5364644, #5561160. GlycoCarn® and ArginoCarn® are registered trademarks of Sigma-tau HealthScience and are manufactured exclusively worldwide under USA production patent #6703042 and worldwide production patent EP1202956. Bioperine® is piper nigrum extract standardized for a minimum of 95% piperine alkaloids and is a registered trademark of the Sabinsa Corporation (U.S. Patents #5,536,506, #5,744,161, #5,972,382).

DOSAGE: Take a single pack daily for 21 straight days. On training days, take it 30-45 minutes before lifting. On non-training days, take it prior to bed. For best results, "cycle" this product following a schedule of three weeks on and one week off. Best results if used by those who are 25 years or older. However, due to its ability to help modulate free test levels, it could benefit others as well. Consider "stacking" Animal Stak with either Animal Test or Animal M-Stak for even greater gains. For more stacking information, go to www.animalpak.com.

WARNING: Not for use by individuals under the age of 18 years. Do not use if pregnant or nursing or have a serious medical condition. Consult a physician before using this product. Use of this product may be banned by some athletic associations. Athletes should definitely consult with their sanctioning authority before use. Exercise good judgment and keep this out of reach of children. To keep it as fresh as possible, store this product in a cool, dry place, away from heat, moisture and sunlight. You know the drill.

IRONCLAD GUARANTEE: Animal is dedicated to being the best in the business, no two ways about it. If this product doesn't meet with your tough requirements for any reason, let us know. When it comes to standing behind our products, we don't mess around. That's the truth.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.

STAK

WHO WE ARE In 1983, Animal was founded with the birth of Animal Pak, the venerable training "pack" that started it all. Born from the real needs and desires of professional bodybuilders, Animal has grown prodigiously over the decades. Today, as yesterday, the name Animal stands for trust, integrity and a unique no nonsense approach to the game. Animal also represents a group of products that have stood the test of time, proven again and again in the labs, and in the trenches where it counts most... The gym and the stage. Dedicated to serious nutrition for the serious athlete, Animal is your choice when it comes to complete and comprehensive supplementation. Animal. The choice of champions. **WHAT ANIMAL STAK® IS** You don't get jacked by accident. The breaks got that way because they leave nothing to chance. Hard and heavy training and massive clean eating for years on end is the bare minimum required. The best take care of the basics. But on top of all that, they take advantage of every edge they can get. This most elusive "edge" comes in the form of anabolic hormone production and utilization. Testosterone and GH—the more you've got the better. Estrogen, cortisol, DHT—the less you produce, the more you can grow. Optimizing your internal anabolic environment while cranking out and efficiently using these muscle-building hormones can make all the difference. For you there is Animal Stak, the anabolic edge for those determined few who leave nothing to chance.*
