UNI-LIVER™

Desiccated Liver Supplement

500 Tablets

30 Grain

| Natural Desiccated And Defatted Argentine Liver

| Cold Processed For Optimum Purity

| Grass-Fed, Hormone-Free

WHO WE ARE Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** For nearly thirty years, more champion bodybuilders and athletes have used Uni-Liver™ than any other brand. Why? Uni-Liver™ is perhaps the most nutritionally-dense amino acid formula in the world. Each 30 grain Uni-Liver™ tablet starts with the highest quality glandular substance derived from prized, grass-fed (hormone-free) Argentine beef. The liver is then freed of all fat, water, connective tissue and then quickly flash frozen to -18°C. Because of this processing, Uni-Liver™ retains the biochemical spirit of the original source and contains a full spectrum of amino acids and other necessary nutrients including vitamins A, C, D, E, K; the entire family of B vitamins; copper, zinc, chromium, selenium, cobalt, molybdenum, magnesium, manganese, potassium, phosphorous, calcium, and more. Most importantly, Uni-Liver™ is a rich source of heme iron, the most bioavailable form of iron available anywhere. For your confidence, our product is certified 100% BSE-free.* **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals. We believe it and proudly stand behind every product we manufacture. Our word is our bond.
