URGENT ENERGY™

ALL-NATURAL ENERGY
EPHEDRINE FREE • PANAX GINSENG

DIETARY SUPPLEMENT

360 Easy-to-Swallow Capsules

Andrew Lessman's URGENT ENERGY is designed to provide a safe and healthy means of enhancing energy levels and feelings of well-being. Most importantly, unlike typical formulas, it does so without deceptive or harmful ingredients. **Urgent Energy** is our first product to include Royal Jelly, the uniquely balanced and comprehensive food of the Queen Bee. **Urgent Energy** also provides standardized extracts of several herbs used traditionally throughout the world to help maintain energy, combat fatigue and provide a balanced sense of well-being. We include Green Tea, with its long history of use in Asia to support energy and vitality. We also add Guarana extract, a natural source of caffeine-related alkaloids to promote energy, as well as standardized extracts of two adaptogenic herbs, Panax (Asian) Ginseng and Eleutherococcus (Eleuthero), with a history of traditional use going back thousands of years. In addition, **Urgent Energy** supplies Ashwagandha, an herb commonly used in the traditional holistic health system of India, to help the body adapt to physical and mental stress. Finally, **Urgent Energy** provides high levels of the B-Complex vitamins because they are absolutely essential for energy production and are readily depleted by energy-sapping stress. Life can be challenging and when you need energy support during your day, **Urgent Energy** safely and economically supplies the tools to jump-start energy levels and combat fatigue while gently supporting positive feelings of well-being.
