DIETARY SUPPLEMENT

TRILOGY MEN

is daily supplementation simplified. These convenient, everyday, portable power packs contain the top three supplements most highly recommended by health practitioners; a Multivitamin, an Omega-3 Fish Oil, and a Probiotic. Trilogy delivers essential supplements to help you power through the day!

100% Certified Organic Multivitamin Made of annatto, guava, holy basil, lemon and amla water-based extracts. Origen-Him™ also contains chromium from Sesbania grandiflora leaves, which supports healthy blood sugar levels, heart health, and the production of lean muscle mass. Chromium is lost daily through urine and not easily absorbed from food. This organic multivitamin supports overall health, an active lifestyle, energy, plus much more. Fuel your body with the nutrients it needs to thrive through a highly absorbable plant-based multivitamin optimized for men of all ages.*

100% Mercury Free Fish Oil (No "Fish Burps") From the purest waters in the world, our Icelandic fish oil provides high potency omega-3 oils. The oil is molecularly distilled for purity and potency. Omega-3s have many health benefits including support for healthy cholesterol levels, cognitive function, and joint health.*

20 Billion CFU Probiotics from 12 Strains These specific strains are gastric acid resistant, bile tolerant, and help support populations of friendly bacteria. Good bacteria is essential for health because the more of it there is, the less bad bacteria remains. That means enhanced immune health. By assuring a healthy G.I. tract your body is also prepped to absorb and utilize nutrients from your diet.*

Say "goodbye" to the individual bottles of pills and "hello" to your daily power packs!
