GINKGO 120 PLUS GINSENG 200™

120 MG STANDARDIZED GINKGO BILOBA EXTRACT
200 MG STANDARDIZED GINSENG EXTRACT

DIETARY SUPPLEMENT

240 Easy-to-Swallow Capsules

Andrew Lessman's GINKGO 120 PLUS GINSENG 200 is a unique blend of the highest quality standardized extracts from two of Traditional Chinese Medicine's most treasured botanicals. Individually, **Ginkgo** and **Ginseng** offer a long list of extensive benefits and together, this dynamic duo provides support to brain, memory and cognitive function, as well as helping to combat fatigue while promoting enhanced feelings of well-being. **Ginkgo Biloba** is by far the most researched botanical for enhanced memory and brain function. Numerous clinical studies have documented **Ginkgo's** benefits; however, not all **Ginkgo** is created equal and in order to ensure your greatest possible benefits, our **Ginkgo** is tested and validated to meet the "clinical standard" for **Ginkgo's** most important beneficial compounds. Like **Ginkgo**, **Panax Ginseng** has also been used for thousands of years and is viewed as the preeminent "adaptogen" for its ability to help us "adapt" and combat stress and fatigue while promoting well-being and a positive outlook. Of course, our **Ginseng** is delivered as a standardized extract many times more potent and beneficial than typical **Ginseng**. Our unique combination of **Ginkgo** and **Ginseng** offers two of Traditional Chinese Medicine's most potent, popular and effective plant-based supplements. We then combine them with a balanced blend of B-Complex Vitamins and Vitamin C providing the nutritional support to ensure your greatest benefits. The resulting formula is a natural tool to help contend with age-related changes in memory and mental function, as well as everyday challenges to positive outlook and well-being caused by stress and fatigue.
