Directions: For adults, take one (1) tablet four times daily, preferably with meals.

Carnitine is found throughout the body. It assists in fat metabolism and plays an essential role in making fatty acids available for muscle tissue, which is important for promoting muscular energy and supporting endurance exercise.* Carnitine is also important for cardiovascular health.* The heart is reliant on this nutrient for energy production from fat.* This formulation provides Free Form L-Carnitine to promote optimal absorption and assimilation.*

WARNING: If you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
