Directions: For adults, take one (1) microlozenge up to five times daily. Place microlozenge under tongue for 30 seconds before swallowing.

Vitamin B-12 is essential for normal formation of blood cells and contributes to the health of the nervous system.* There is no question about it. A good diet contributes to good health, but sometimes stress, fast food meals and eating on the run can have nutritional consequences. One way to ensure that you are getting your Daily Values for B Vitamins is to take dietary supplements.

WARNING: If you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
