**Caution:** Do not use this product if pregnant, nursing or under the age of 12. Do not use in persons with obstructions of the bile duct, serious liver conditions or gallstones. Do not exceed recommended dose, or take longer than the recommended period as frequent or prolonged use may result in dependence. Do not use if abdominal pain, nausea or vomiting are present. Consult a healthcare professional if you notice a sudden change in bowel habits that persist over two weeks. Rectal bleeding or failure to move bowels after use may indicate a serious condition. Discontinue use and consult a healthcare professional. Take this product with at least 8 oz of water. Taking without enough water may cause choking. Do not take this product if you have difficulty swallowing. If you experience chest pain, vomiting, or difficulty swallowing or breathing after taking this product, seek immediate medical attention. If taking any medications, consult a healthcare professional before use.
