**NOW® Acai Liquid Concentrate delivers the
natural nutrient profile found in Genuine
Whole Foods.**

Acai Berries, indigenous to Brazil, are one of
the planet's most remarkable and nutritious
fruits. They naturally possess phytonutrients like
polyphenols, including ellagic acid, rutin, antho-
cyanins, and catechins. These free radical
quenchers help to protect tissues from oxidative
stress, a key element of normal aging. The
nutrients and free radical scavengers in Acai also
help support a healthy immune response and a
proper defense against typical biological stress.*
NOW uses only solvent-free, freeze-dried Acai
Berries to better preserve the integrity of the
nutrients present in fresh Acai.
