No Sweetener, No Sugar, No Starch, No Artificial Color,
No Artificial Flavor.**

Directions: For adults, take one (1) softgel three times daily, preferably with meals.

Some fatty acids are important and should be taken every day for nutritional health, but many people do not like the familiar "burpiness" they often experience with fish oil. Omega-3 Fish Oil gives you all of the advantages of fish oil—including supporting cellular, heart and metabolic health—but with less of the aftertaste that can turn you off to fish oil supplements.* This unique supplement is coated, which means the active ingredients bypass the stomach and are digested in the small intestine, which can minimize the aftertaste.

Fish Oil contains important nutrients, including EPA and DHA, which support healthy circulation.* This product also contains mixed natural tocopherols to preserve freshness.

WARNING: If you are pregnant, nursing, taking any medications, including blood thinners, planning any medical or surgical procedure or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.

Made from the oils of cold water, deep sea fish.

Marine Lipid Concentrate.

**Supportive but not conclusive research shows that consumption of EPA and DHA Omega-3 fatty acids may reduce the risk of coronary heart disease. See nutrition information for total fat and cholesterol content.

Laboratory tested to meet strict quality control standards for potency, purity and disintegration.

Guaranteed Purity. Molecularly Distilled to eliminate Mercury.
