

**DNA SERIES - IT'S IN YOU**

Customize your supplement stack with the all-new BSN® DNA Series. Each DNA Series product provides versatility to be used with other pre/post-workout supplements to create customized combinations that help you achieve your individual fitness goals.

Creatine DNA™ when used as directed, over time, combined with a healthy diet and regular exercise is designed to support:

- MUSCLE\*
- STRENGTH\*
- RECOVERY\*
- PERFORMANCE\*

Supplementing with Creatine Monohydrate can help replenish your creatine stores, an ingredient found naturally in foods like red meat. Creatine helps fuel your muscles during periods of high-intensity exercise.\*

BSN® Creatine DNA™ provides 5 grams of pure micronized Creatine Monohydrate to support strength, power, and lean body mass without any fillers or additives.\* With unflavored versatility, Creatine DNA™ may be added to your post-workout recovery shake or favorite beverage.
