

Who Is Six Star Amino Max For?

- ★ Active Men
- ★ Strength Athletes
- ★ Fitness Enthusiasts
- ★ Body Builders

Ultra-Concentrated, Fast-Absorbing Amino/BCAA Formula

BCAAs are essential amino acids, which means your body can't produce them, so you need to take them in from external sources, such as supplements. That's where the ultra-concentrated, fast-absorbing Six Star Amino Max formula comes in.

Delivers 8700mg of Amino Acids Including a Massive Dose of Leucine

Six Star Amino Max delivers 8700mg of amino acids to your hard-working muscles. This includes a huge dose of the ultra-pure amino acid leucine, and the other essential BCAAs, isoleucine and valine. Plus, Six Star Amino Max delivers the amino acid compounds glutamine and taurine, making it a truly advanced Amino/BCAA formula.

Featuring 100% Free-Form BCAAs for Rapid Uptake

The branched chain amino acids in Six Star Amino Max are 100% free form. Free-form amino acids are singular molecules, which means they are quickly digested and absorbed by your bloodstream.

Get Six Star Amino Max today!

What Benefits Does It Provide?

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Directions: Mix 1 scoop (1 serving) with 4 to 8 oz. of cold water. On days of your workout, take your serving either pre- or post-workout. Consume 10 glasses of water daily for general good health. Read the entire label before use and follow directions provided.

Note: To maintain product freshness, store in a cool, dry place. This product is sold by weight, so some settling may occur. Shake container before use.

WARNING: Not intended for use by persons under 18. Do not use if you are pregnant or nursing. Discontinue use and call a medical doctor if you experience unusual symptoms. Consult a medical doctor before use if you have been treated for, or diagnosed with or have a family history of any medical condition or if you are using any prescription or over-the-counter drug(s), including blood thinners. Consult a medical doctor before starting any diet or exercise program. Do not exceed recommended serving. Improper use of this product will not improve results and is not advised. Use only as directed. **Do not use if packaging has been tampered with.** Store in a cool, dry place (60°F to 80°F). **KEEP OUT OF REACH OF CHILDREN.**
