

PHASE 3: Improved Cardiovascular Endurance
Improves Cardio Endurance by Nearly Five Minutes!^{^*}
Time is of the essence, which is especially true when it comes to competitive sports. Amplified Muscle Igniter 4X includes a Performance Blend that has been clinically tested and shown to increase endurance performance by nearly five minutes.[^]

[^]A study of 29 physically fit and healthy young adult male subjects averaging about 4 hours of exercise a week cycling to exhaustion at 80% V02 shows that these individuals were able to increase performance measured by time to exhaustion nearly 5 minutes longer than when taking placebo.

PHASE 4: Post-Workout Muscle Antioxidant Protection
10% Improvement in Antioxidant Protection![°]
Take action to combat exercise-induced oxidative stress! This antioxidant protection is important for supporting the recovery process by working to fight free radicals created during physical activity, which can cause damage to all cells, including muscle cells.*

[°]A study including 20 high level athletes in training and competition were evaluated on two separate occasions. On one occasion they used the Dual GE Amplifier™ and the second occasion they took a placebo. Results concluded a 10% improvement in antioxidant levels in the blood when they took the Dual GE Amplifier™ compared to the placebo, revealing better antioxidant support.*

Take This 4-Phase System for Undeniable Results!
PHASE 1: Pre-Workout Calorie Burn
300% More Pre-Workout Calorie Burn to Ignite Your Metabolism!^{♦*}
Amplified Muscle Igniter 4X has thermogenic properties proven to help you burn more calories.^{**}
[♦]In a study, a group of 25 participants exercised on the treadmill on two occasions. On one occasion, they used the Calorie Burn Blend in this formula 60 minutes before exercise and on the second occasion, they took a placebo. Results showed a 300% increase in calorie burn before exercise for those who took the Calorie Burn Blend compared to the placebo.

PHASE 2: More Physical and Mental Intensity
Improve Physical and Mental Intensity During Your Workout!^{*}
Get in the zone and experience more intensity with every workout - physically and mentally. In a clinical study, athletes taking the Performance Blend were able to physically work out harder and longer while feeling less tired!^{^*} Achieving this thermophoric state can help you push it to the max. An impressive 400 mg of caffeine in this formula can help support mental focus and reaction time.
