Read the entire label and follow the directions carefully prior to use.
DIRECTIONS: Take one (1) softgel daily with food, or as recommended by a healthcare practitioner.

CAUTION: At no time should the maximum recommended dose be exceeded. Do not take shark liver oil for more than 30 days because it may cause the overproduction of blood platelets. In case of chronic use, over 30 days straight, a possible, albeit rare, side effect known as thrombocythemia (excess thrombocytes) can occur, leading to a tendency for the blood to clot. This condition is easily diagnosed with a blood test. Consult with your physician if thrombocythemia is a consideration.

WARNINGS:

- KEEP OUT OF REACH OF CHILDREN.
- DO NOT EXCEED RECOMMENDED DOSE.
- Do not purchase if outer seal is broken or damaged.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
