

LIPOSOMAL ENCAPSULATION is an advanced system designed to protect the nutrients from breakdown by the digestive system and deliver the nutrients in a highly absorbable form through the cell wall. Ordinary pill and tablet supplements do not deliver this dual action.

This bright lemon flavored, easy-to-swallow liquid contains 135 high potency servings of Vitamin D to support healthy bones and teeth. Just a 1/3 teaspoon delivers 3 times the recommended daily intake.* Your body converts sunshine into Vitamin D. Our Liposomal D can deliver your D even on a cloudy day.

Color, flavor and sweetness of this product may vary due to variations of natural ingredients.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

Caution: Do not exceed recommended use without supervision of a healthcare practitioner.

Keep out of reach of children. Store upright in a cool, dry place. Refrigeration is recommended after opening, but not required. For ultimate freshness product should be used within 90 days of opening.
