

OPTIMIZE + OXYGEN=OPTYGEN™

This OptygenHP formula contains our exclusive OptyMax Proprietary Matrix to enhance endurance capacity, increase glycogen resynthesis, increase energy (ATP) levels and also reduce inflammation. In addition, this formula now delivers 50% more Beta-Alanine than the original OptygenHP formulation to increase exercise capacity and boost muscular endurance.

OPTYGEN^{HP}

HP-HIGH PERFORMANCE

INCREASES VO2 MAX

IMPROVES OXYGEN UTILIZATION & ANAEROBIC THRESHOLD

MODULATES CORTISOL & REDUCES LACTIC ACID

120 CAPSULES

ENDURANCE SUPPLEMENT

Dosage recommendations: Take 4 capsules daily with a meal.

For best results, OptygenHP should be used consistently over many months of training. If you start taking OptygenHP a week before an event, benefits will be minimal.

Supplement Facts

Serving Size: 4 Capsules

Servings Per Container: 30

	Amount Per Serving	%DV
Chromium (from Chelavite® amino acid chelate)	200 mcg	167%
