ELITE-100 is an ultra-high-potency member of **Andrew Lessman's** family of multi-vitamin-mineral formulas. **ELITE-100** is 100% pure and contains only the nutrients you desire with *no binders, fillers or additives of any kind*. **ELITE-100** comes as an ultra-fine powder in small, easy-to-swallow capsules that are guaranteed gentle even to sensitive stomachs. It provides all the benefits you seek from a multi-vitamin without any of the problems normally associated with their use.

ELITE-100 delivers more than 40 nutrients, including high potencies of all essential vitamins, minerals, phytonutrients and carotenoids. **ELITE-100** is the purest and mildest ultra-high-potency multi-vitamin formula possible. It provides 2,000 IU of Vitamin D3, along with high levels of all the B-Complex vitamins, including 500 mcg of Biotin and 250 mcg of our specially protected Vitamin B-12, plus 1,000 mg of non-acidic Vitamin C, along with the powerful protection of key carotenoids, including Lutein (5,000 mcg), Lycopene (5,000 mcg) and hard to find Zeaxanthin (2,000 mcg). Additionally, **ELITE-100** provides Gamma Vitamin E, which experts agree is by far the most protective form of Vitamin E. Sadly, virtually every other multi-vitamin and separate Vitamin E formula uses inferior, less protective Alpha Vitamin E.

The “100” in **ELITE-100** refers to the 100 mg of six vital ingredients this formula includes: Coenzyme Q-10, Alpha Lipoic Acid, Resveratrol, EGCG, Pomegranate and Citrus Bioflavonoids.

Coenzyme Q-10 (CoQ10) – 100 mg. CoQ10 is central to all cellular energy production, while also being a powerfully protective and critical anti-oxidant. It must be present at high concentrations in the hardest working organs in the body (heart, brain, liver and kidneys) in order for these vital organs to function at their best and to protect themselves. CoQ10 levels decrease with age, stress, medications, poor diet and even physical activity making supplementation essential.

Alpha Lipoic Acid (ALA) – 100 mg. Because of its unique ability to be both water and fat soluble, ALA is referred to as the “Universal Anti-Oxidant.” This unique solubility allows it to go virtually anywhere in your body protecting hard-to-reach tissues from oxidative damage. Even more important is its essential role in the production of your body's most powerful internal anti-oxidant – Glutathione. Like CoQ10, internal levels of ALA decline with age, stress and the use of certain medications making supplementation a matter of common sense.

Resveratrol – 100 mg. Resveratrol has been the focus of extensive anti-aging research and only recently available in a pure, high-potency natural form. Resveratrol is the molecule behind the benefits of Red Wine, the Mediterranean diet and the French Paradox. Resveratrol is a far more powerful anti-oxidant than either Vitamins E or C; however, it is Resveratrol's impact on preserving the telomeres in our genetic material that places it at the forefront of the latest anti-aging research.

Epigallocatechin Gallate (EGCG) – 100 mg. EGCG from Green Tea combines thousands of years of traditional use with decades of compelling medical research. EGCG is a powerfully protective molecule that also enhances the activity of our most important internal anti-oxidants. EGCG is also vital to our liver and therefore to our body's internal cleansing and detoxification systems, while also supporting the immune system and protecting the delicate tissues of our brain, heart and breast.

Pomegranate (40% Ellagic Acid/40% Punicalagins) – 100 mg. Used traditionally for centuries and referred to as “sacred fruit,” scientists have confirmed Pomegranate's unique protective content. Unfortunately, most Pomegranate products and juices are not standardized to deliver its beneficial compounds, whereas our 40:40 Complex is standardized for both Punicalagins and Ellagic Acid assuring you all the benefits you seek without the sugar and calories of Pomegranate Juice.

Citrus Bioflavonoids – 100 mg. Citrus Bioflavonoids, including Hesperidin and Rutin, are some of the most powerfully protective compounds found in plants, and as the name suggests, are highly concentrated in citrus fruit. Citrus Bioflavonoids possess their own independent antioxidant activity and also act synergistically to enhance the benefits of Vitamin C, which is why they are so often included in separate Vitamin C formulas.

ELITE-100 delivers the nutrients you seek *without* employing impossible to swallow and difficult to digest tablets. Instead, we use only easy-to-swallow capsules containing ultra-fine, non-acidic powders to ensure the greatest ease of use with no risk of stomach upset. Also, unlike typical multi-vitamins that ignore the current science, **ELITE-100** provides a comprehensive list of vitamins, minerals, carotenoids and phytonutrients at levels that respect both you and the scientific literature.
