

Suggested Usage: Take 1 capsule near bedtime with water.

Melatonin is a potent free radical scavenger naturally produced in the pineal gland and present in high amounts in the gastrointestinal tract.* It is involved in many of the body, brain and glandular biological functions including regulation of normal sleep/wake cycles, regulation of the immune system and maintenance of a healthy gastrointestinal lining.*

Caution: For adults only. May cause drowsiness. Do not operate a vehicle or heavy machinery following consumption of melatonin. Consult physician if pregnant/nursing, taking medication (especially sedatives and anti-depressants), or have a medical condition (including depression, high blood pressure and epilepsy). Keep out of reach of children.

Natural color variation may occur in this product.
