

DIRECTIONS: Take 1 capsule two times per day or as directed by your qualified healthcare practitioner.

RegeneMax™ provides ch-OSA® (choline-stabilized orthosilicic acid), that helps naturally nourish your body's beauty proteins.† Regular orthosilicic acid is highly unstable, leading it to form polymers. These polymers are too large for the human body to absorb. But the patented "choline stabilization" technology in **RegeneMax™** prevents the polymers from forming, ensuring optimal absorption. RegeneMax™ has been formulated with clinically proven ch-OSA® for your assurance.†

STORAGE: Keep out of the reach of children. Store at 59-86°F (15-30° C). Protect from light and moisture.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

U.S. Patent Number 5,922,360 and other patents pending.

ch-OSA® is a registered trademark of, and manufactured by Bio Minerals n.v., Belgium.
