

This OncoMAR™ formula is a proprietary blend, delivering 5.5g (0.19 oz.) per 8-capsule packet of Avemar® Fermented Wheat Germ Extract, standardized to methoxy-substituted benzoquinones.

Suggested Usage: As a dietary supplement for adults, take one 8-capsule packet of OncoMAR™ per day. Best absorbed on an empty stomach, 1 hour before or after food. Consume 2 hours before or after taking any drugs or other dietary supplements.

OncoMAR™ is made under the supervision of the original inventor of Avemar®, Maté Hidvegi, Ph.D. The development of Avemar® fermented wheat germ extract has become the life's work of Dr. Hidvegi. He was inspired to build upon the theories and experiments of Hungarian Nobel Prize winner, Dr. Albert Szent-Gyorgyi. Dr. Hidvegi's patented processes yield a consistently effective standardized extract that has been extensively researched. Avemar® has been the subject of over 100 studies in cell lines, with animals and clinical trials, reported in more than 30 articles in medical peer-reviewed journals.

Improving on his original patented, fermented wheat germ-processing method, he has now created OncoMAR™ in vegetarian capsule form— so this unique dietary supplement is easier than ever to take on a daily basis. Improvements include utilizing low temperature freeze-drying, which eliminates the need to use maltodextrin as a stabilizer, and removing the sweetener and flavoring. As a result, OncoMAR™ contains 99% less stabilizing and flavoring additives, while maintaining the same quantity of Avemar® fermented wheat germ actives as used in clinical trials.**

** Subjects in clinical trials consumed 8.5g per day of Avemar® pulvis, consisting of 5.5g Avemar® fermented wheat germ actives with 3g maltodextrin, a non-active stabilizer. Each packet of 8 OncoMAR™ Capsules contains 5.5g Avemar® fermented wheat germ actives, without maltodextrin.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

CAUTIONS: Keep out of reach of children. Should not be taken during pregnancy or while nursing. Consult with a healthcare professional for recommended usage levels for children, and for guidance on using more than 1 OncoMAR™ packet per day. Do not consume OncoMAR™ if you have had an organ or tissue transplant, or if you are hypersensitive to wheat or yeast. This product is not intended to be the sole source of nutrients in the diet.

STORAGE: Store in a cool dry place, 41-79°F (5-26°C).

DOES NOT CONTAIN: Corn protein, soy, animal or dairy products, artificial colors, artificial sweeteners, or preservatives.
