

Borage CP-240™ is a fresh, cold pressed extract of borage seed oil from the blue flowering plant *borago officinalis*. The natural extraction process uses absolutely no chemicals or refining thus providing the purest source of this essential oil. It provides 24% gamma-linolenic acid, the highest percentage of GLA of any plant source.

Borage Seed Oil has been consumed for generations in Europe for its observed health benefits. These effects are associated with it being the precursor to healthy prostaglandin E1 production. PgE1, like the PgE3 series produced through fish oil consumption, provides anti-inflammatory benefits. Recent clinical trials have demonstrated GLA to have profound beneficial effects on hormone balancing, skin, allergies, and joint function.

Each capsule of **Borage CP-240™** is stabilized with 10 IU of Vitamin E to provide maximum freshness.

This is a statement of nutritional support. This statement has not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

DIRECTIONS: Take one to two capsules per day with meals.

CAUTION: Consult with your healthcare practitioner before use. Keep out of the reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

GUARANTEED FREE OF: wheat, gluten, corn protein, yeast, soy, dairy products, artificial colors, sweeteners or preservatives.
