U.S. Patents 5,645,851, 5,637,321, 5,529,786, 5,750,144, 7,363,820, 3,946,437, 670 Patent EP143506801, U.S. and world-wide patents pending.

Why it works:

Move Free Ultra® is a combination of two nutrients, Type II Collagen and Hyaluronic acid, which work differently than a glucosamine and chondroitin combination to promote joint health.*

Move Free Ultra®

Glucosamine & Chondroitin

Take Just 1 Small Move Free Ultra®

Tablet per day, Compared to
2 Large Glucosamine & Chondroitin Tablets

Move Free Ultra® works differently because it contributes to normal immune tolerance. The immune system is actively involved in joint health through interaction with nutrients in your joints like Type II Collagen and Hyaluronic Acid. **Move Free Ultra®** contains these two nutrients to provide support to joint function.*

Schiff
SINCE 1936

JUST 1 SMALL TABLET
PER DAY

ACTUAL SIZE

- ✓ Promotes joint health*
- ✓ Supports joint lubrication*
- ✓ Helps preserve joints and maintain cartilage*

**DIETARY
SUPPLEMENT**

30 COATED TABLETS

How it works:

Move Free Ultra® is a combination of two joint nutrients to help promote joint health in just one small tablet per day.*

Undenatured Type II collagen is the same protein found in healthy cartilage. A patented process gently preserves the Type II Collagen from cartilage, leaving protein intact. This helps preserve joints and maintain cartilage in one small pill.*

Joint Fluid maintenance and lubrication (Hyaluronic Acid). Hyaluronic Acid plays an important role in maintaining the lubricating and cushioning fluid that already exists naturally in your joints.*

Schiff's **SURE** DISSOLVE tablets are formulated to disintegrate within one hour.

PROUD SPONSOR

Schiff's, the maker of Move Free®, is proud to support the Arthritis Foundation's efforts to help people take control of arthritis. For information about arthritis, contact the Foundation at 800-568-4045 or www.arthritis.org
